LATENT FINGERPRINT DETECTION TABLET

NO POWDER
NO CHEMICALS
100% CONTACTLESS
FINGERPRINT IMAGING

- 45.9 MP UV (UVC - UVA) / VIS / IR Multispectral Camera with 8K Resolution
- Real Time RAW Imaging & RAW Video Recording
- Live Ruler and Advanced Case Management System
- Transferring Fingerprint Images on 500-1000-1500 DPI & Custom DPI Suitable for AFIS System
- Smart Button Function (Automatic Filter & Light System)
- The world's first 4K live imaging in its field
- 1:1 Ratio Imaging and Minutiae Calculation & Identification
- Remote Fingerprint Scanning up-to 3 Meters at the Crime Scene
- QHD+ High Quality Touch Screen

High Resolution
ForenScope 8K provides clear and detailed images with its 45.9 MP high-resolution camera.

RAW Imaging
Ability to take instant and rapid RAW photos court-ready evidence available for legal use RAW Imaging that can be opened Instantly in Photoshop*

*Adobe Photoshop is a registered trademark of Adobe Inc.

1:1 Imaging Function
Saving and exporting fingerprints on the actual size. Transferring images in 500–1000–1500 DPI suitable for AFIS system.

Smart Button Function
Automatic search buttons for various surfaces (on walls, windows, tiles, mirrors, thermal papers, woods, metals, etc.)

PRODUCT FEATURES

- Mobility
- Live Zoom
- 8K Resolution
- AFIS Ready Evidence
- Copy Stand
- Pc Connection

- The world's first 4K live imaging in it's field.
- RAW & JPEG imaging capability, and converting to TIFF, WSQ, BMP, PNG formats.
- Have a superb system featuring 1,2 TB memory.
- Quickly export case folders with WiFi, Bluetooth, Memory Stick and direct PC connection.
- Live image projection directly to Monitor via HDMI output, connection slot for keyboard and mouse.

FEATURES

1. Real time high-quality imaging and video recording with a 45,9 MP camera.
2. High sensitivity camera with 180nm and 1200nm ±20nm spectral range.
3. High-powered light system enabling long distance imaging.
4. Add light filter, location, date & time stamps on the image.
5. Fast viewing button.
6. Advanced Case Management System: Multi-user support and admin page management. Back-up and restore features.
7. Measuring, drawing, compare, overlapping, opacity swap and much more software functions.
8. Unique real time image comparison.
9. Advanced connectivity, anytime and anywhere.
10. Type-C, 65W fast charger.
11. Archive and export data and detailed case reports via USB.
12. Durable, lightweight aluminium body with high impact resistance.
