LATENT FINGERPRINT DETECTION TABLET

NO POWDER NO CHEMICALS
100% CONTACTLESS FINGERPRINT IMAGING

- 45.9 MP UV (UVC - UVA) / VIS / IR Multispectral Camera with 8K Resolution
- Real Time RAW Imaging & RAW Video Recording
- Live Ruler and Advanced Case Management System
- Transferring Fingerprint Images on 500-1000-1500 DPI & Custom DPI Suitable for AFIS System
- Smart Button Function (Automatic Filter & Light System)
- The world's first 4K live imaging in its field
- 1:1 Ratio Imaging and Minutiae Calculation & Identification
- Remote Fingerprint Scanning up-to 3 Meters at the Crime Scene
- QHD+ High Quality Touch Screen

High Resolution
ForenScope 8K provides clear and detailed images with its 45.9 MP high-resolution camera.

RAW Imaging
Ability to take instant and rapid RAW photos court-ready evidence available for legal use RAW Imaging that can be opened Instantly in Photoshop*

*Adobe Photoshop is a registered trademark of Adobe Inc.

1:1 Imaging Function
Saving and exporting fingerprints on the actual size. Transferring images in 500-1000-1500 DPI suitable for AFIS system.

Smart Button Function
Automatic search buttons for various surfaces (on walls, windows, tiles, mirrors, thermal papers, woods, metals, etc.)

PRODUCT FEATURES

Mobility | Live Zoom | 8K Resolution | AFIS Ready Evidence | Copy Stand | Pc Connection

- The world's first 4K live imaging in its field.
- RAW & JPEG imaging capability, and converting to TIFF, WSQ, BMP, PNG formats.
- Have a superb system featuring 1,2 TB memory.
- Quickly export case folders with WiFi, Bluetooth, Memory Stick and direct PC connection.
- Live image projection directly to Monitor via HDMI output, connection slot for keyboard and mouse.

FEATURES

1. Real time high-quality imaging and video recording with a 45,9 MP camera.
2. High sensitivity camera with 180nm and 1200nm ±20nm spectral range.
3. High-powered light system enabling long distance imaging.
4. Add light filter, location, date & time stamps on the image.
5. Fast viewing button.
6. Advanced Case Management System: Multi-user support and admin page management. Back-up and restore features.
7. Measuring, drawing, compare, overlapping, opacity swap and much more software functions.
8. Unique real time image comparison.
9. Advanced connectivity, anytime and anywhere.
10. Type-C, 65W fast charger.
11. Archive and export data and detailed case reports via USB.
12. Durable, lightweight aluminium body with high impact resistance.
