CSI PRO 2

Criminal Laboratory in the Palm of Your Hand

WITH 48MP RESOLUTION

MORE AND STRONGER LIGHT

- 6,5” Full HD+ Screen
- Ring Filter System: Full Spectrum, Polarizer, Yellow, Orange
- Create & Export Detailed Case Reports
- Case Management System
- Light System White, White-PW, UV1 & UV1+, Blue1 & Blue1+, Cyan, Green
- UV (UVA) VIS & Polarizer High Resolution Multispectral Camera
- 1:1 Ratio Imaging
- Real Time RAW Imaging
- Compare Function

MORE AND STRONGER LIGHT

Pocket Sized CSI Lab
Capable of detecting Powdered Fingerprint, Body Fluids, Body Examination and more

Crystal Clear 4K Video Recording
Auto capture mode allows all combinations to be shot one by one & saved in the album automatically

Perfect Imaging
Depth of field and perfect imaging on complex surfaces, Ability to take instant and rapid RAW photos with 48 MP camera

Minutiae Calculation and Identification
This capability enhances the accuracy and reliability of fingerprint comparisons, making forensic investigations more efficient and effective.

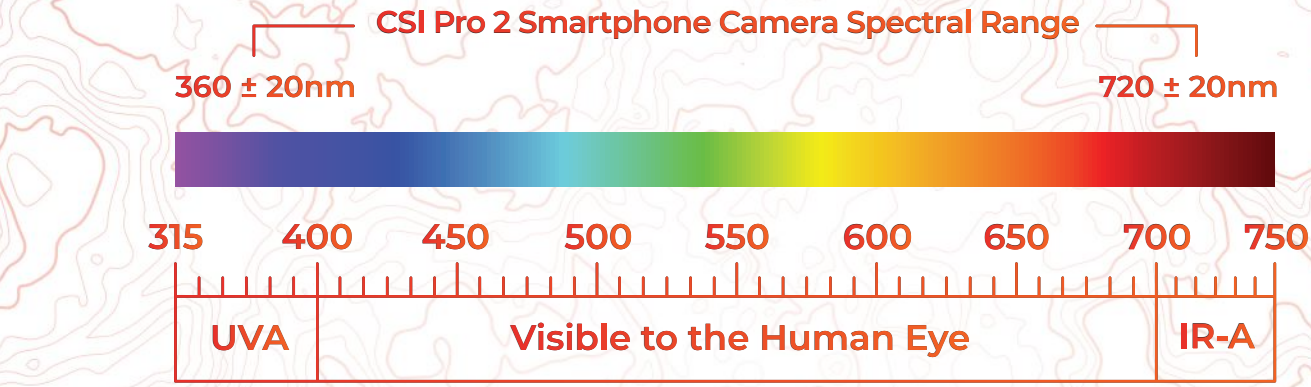

PRODUCT FEATURES

- Mobility
- Continuous Autofocus
- 4K Imaging
- Connection with ForenScope ALS
- Up to 4-6 Hours of Continuous Illumination
- 48 MP Camera
- 10x Digital Zoom

- UV - VIS - IR Multispectral sensor, 6 narrow bands
- 6,5" inch, 2340x1080 pixel, high quality touchscreen
- 128 GB memory, 8 GB RAM, 2.2 GHz CPU
- High-quality impact resistant, lightweight aluminum body and battery
- Quickly export case folders with WiFi, Bluetooth and USB

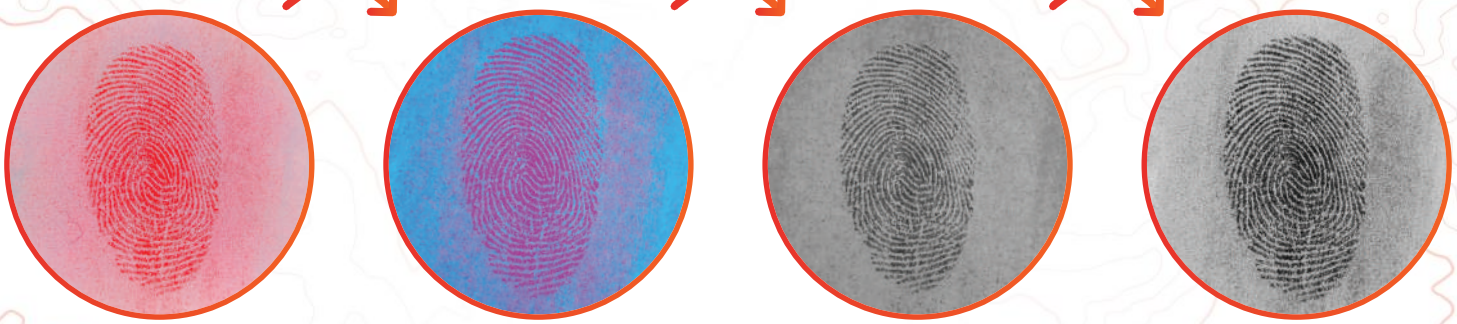

FEATURES

1. Manual control filter & light system via control software.
2. High-quality Full HD+ resolution real-time imaging and 4K video recording.
3. High-powered light system for long distance imaging.
4. Camera spectral range from 360nm ± 20nm to 720 nm ± 20nm.
5. Unique real-time image comparison.
6. Exporting fingerprint images on 500-1000-1500 DPI or custom DPI value suitable for any AFIS system.
7. Android operating system and integrated ForenScope CMS (Case Management System).
8. Measure, draw, compare, overlap, opacity swap, and much more editing functions.
9. Built-in Wi-Fi, Bluetooth, and GPS features for connection. Advanced connectivity, anytime and anywhere.
10. Multi-user support and admin page management.
11. Archive and export data and detailed case reports via USB.
12. Backup and restore with it's case management system
13. Type C, 45W fast charger.
